

working together for health & well-being

## **Bath and North East Somerset Children Trust Board (CTB)**

### **Children and Young People's Plan 2011-2014 (CYPP)**

#### Summary Leaflet

**Our new vision:**

*“We want all Children and Young  
People to enjoy childhood and to be  
well prepared for adult life”*

**Making Bath & North East Somerset an  
even better place to live, work and visit**

This plan sets out the vision that the CTB (our local partnership of the Council, Police, NHS, schools, voluntary organisations and other agencies) has developed in consultation with children and young people, parents and carers and professionals:

**‘We want all Children and Young People to enjoy childhood and to be well prepared for adult life’.**

In order for our children and young people to be prepared for life, **all** agencies, schools, organisations must contribute to provide an environment that is: **nurturing, challenging, safe, sets high expectations** of all, is **fair** and **transparent** in its decision-making and operations.

The CYPP 2011- 2014 builds on the original CYPP 2006-2009 and the CYPP Refresh 2009-2011: It reviews the progress that we have made with previous plans; our assessment of local children’s needs and describes how, we will work to improve outcomes for children and young people.

We have agreed the following 5 priority areas that we will all work towards to help us deliver our vision:

- **Providing children and young people with a safe environment, including empowering children and young people to recognise and manage risks.**
- **Promoting children and young people’s emotional health and resilience for learning and life.**
- **Reducing health, education and social inequalities in specific groups of children and young people and specific geographical areas.**
- **Supporting all young people to engage in employment, education and training from 16-19.**
- **Promoting and supporting healthy lifestyles for children and young people**

The poster overleaf is a visual presentation of how various bits of the plan fit together to deliver our vision and local priorities. Please display and discuss!
