Whizz-kidz  
*move a life forward*

"I found the sessions relevant and really enjoyed the activities we did. I will use what I have learnt as much as possible in my everyday life."

With fun, interactive **Skillz for Life Training** you'll pick up the skills you need as a young disabled person on the road to adulthood. Sessions are held at our Ambassador Clubs around the UK and deal with everything from communication skills, writing a CV to public speaking and media training. The e-learning website is a fun, interactive tool that also lets you stay in touch with trainers and other members between sessions. You can even come out of the training with an accredited qualification in Personal Development which is awarded by the Open College Network.

Want to get really involved in improving the lives of other young disabled people while having fun and making new friends? If that's a yes, you could be a Kidz Unlimited Ambassador. From leadership and healthy living, to creativity and team work, at each club you can try new activities that young people have told us they want to do. You'll also have a real say in how the Kidz Unlimited project is run.

So, what kind of things can you do? Well, here's a taster:

- Make new friends and have fun at your local Ambassador Club
- Get the skills you need to become more confident and independent
- Represent your club at cool events by taking part in things like TV and radio interviews
- Start your very own campaign

"I can't thank the Kidz Unlimited team enough; I never had a work placement at school and I have also struggled to find a part-time job while at Uni. I feel the skills I have learnt while on my placement will really help me when I start applying for work when I finish my degree."

So if you're 15+, get in touch and see if one of our hundreds of placements or longer internships is right for you.

"I've been a Kidz Unlimited Ambassador for just over 3 years. I'm the Vice Chair of our Kidz Board and I also represent the North East. I love being an Ambassador because it has given me so many fantastic opportunities, like being able to make new friends and to campaign for the things I care about, like better wheelchair access in my area."
